

RACE CAT

HIGH PERFORMANCE CATALYTIC CONVERTER

Part Number: C1T134MT

Stainless steel body
for durability and strength

Performance

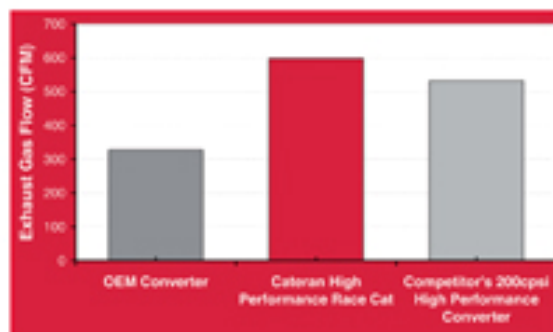

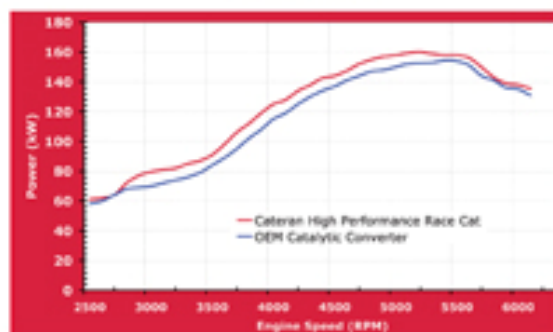

Tapered ends
for versatility
and maximum
gas flow

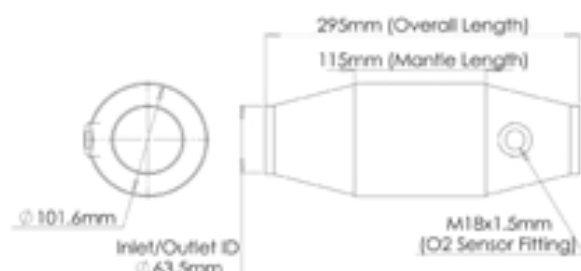

- ✓ 100cpsi (cells per square inch) metallic substrate dramatically improves exhaust gas flow
- ✓ Metallic substrate resists thermal and physical shock and withstands extreme temperatures
- ✓ Substrate brazed to outer shell for superior durability
- ✓ OEM-grade wash coating for superior noxious gas conversion

PERFORMANCE

Typical Power Output and Forward Flow Comparison:
Redback Performance **RACE CAT** vs. OEM converter

DIMENSIONS

Designed and recommended for racing vehicle applications running petrol engines up to 4.0L in capacity
